WORK EXPERIENCE

DigitaL Editor-
Guided third year, second year and first year students on posters making and video editing. Share tricks and motivate them to do better.

Volunteering-
Volunteer of the Team PICTNSS , Pune (2020-21) and have helped in organizing, managing and in this pandemic I have done a lot of activities on my own initiative.

PERSONAL PROJECTS

Arduino mini CNC plotter -
- Arduino uno to control whole activity. First they convert image into vector by using software name INKSPACE. Then they convert vector into g code .Then send g code as input to arduino using UGS and ARDUINO IDE. To build hardware we have to get some 3d printed part to design 3d module to print we can use blender. Efficiency can be increase by increasing no. of teeth on the gear.
